

Steve De La Rosa

Software Engineer

305-896-9622 | stevedelarosa1036@gmail.com | Lakeland, FL | [Github](#) | [Portfolio](#)

TECHNICAL SKILLS

Language & Tools: *HTML5, CSS, Javascript, PostgreSQL, Express, Node JS, React JS, Git, REST API's, UI/UX NextJS, Redux, GraphQL, Object Oriented Programming, Data Structure, AWS, Typescript, Docker, Software Testing*

RECENT WORK EXPERIENCE

FullStack Engineer | Calyssa AI | USA, Remote | 2025 to Current

- Built and maintained **AI-powered journaling features** using **React, Next.js, and TypeScript**, ensuring scalability and high performance.
- Integrated **AI capabilities** with **LangChain, OpenAI SDK, and AI SDK** for natural language processing and reflection insights.
- Managed **state and data flow** with **Zustand and SWR**, optimizing reactivity and API data fetching.
- Integrated **Supabase for authentication, storage, and server-side rendering (SSR)** to deliver secure, real-time user experiences.
- Configured **PostHog analytics and Intercom integration** for product insights and customer engagement.
- Established best practices for **Git workflows, code reviews, and deployment pipelines**, collaborating closely with cross-functional teams.

FullStack Developer | Vocodo Insurance | USA, Remote | 2024 - 2025

- **Developed responsive UI components** using **React.js, Next.js, and CSS frameworks**, ensuring cross-browser compatibility.
- **Worked with REST APIs** and backend data structures to dynamically fetch and display insurance-related data.
- **Optimized website performance** by applying **code-splitting, lazy loading, and coaching techniques**.
- **Collaborated with Developers** to improve accessibility and **UI/UX consistency** across web pages.

UX/UI Designer | Freelancer | USA, Remote | 2021 - 2022

- **Designed user-friendly interfaces** for web and mobile applications using **Figma and Adobe XD**.
- **Conducted user research & usability testing**, leveraging **data analysis** to refine product design and improve engagement.
- **Implemented wireframes & prototypes**, enhancing user experience by focusing on intuitive navigation and accessibility.
- **Worked with developers** to ensure seamless integration of design elements into **HTML, CSS, and JavaScript** frameworks.

EDUCATION

Western Governors University

Computer Science Degree with an AI Focus

Sep 2025 - Present

FullStack Academy Web Development Bootcamp

Software Engineering Certificate

Immersive software engineering coding bootcamp focused on mastering front and back end development, and databases.

Aug 2023 - Apr 2024

Coursera Bootcamp

Google UX Design Professional Certificate, Web Page, Digital/Multimedia Design

Immersive UX/UI Design program focused on creating equitable, usable, and accessible technology.

Apr 2021 - Oct 2021
